Variation in color, shade, finish, hardness, strength and slip resistance is inherent in Natural stone products. White marbles contain naturally occurring deposits of iron which may lead to discoloration of marble and turning it yellow-rust or gray if used in wet areas. These are natural characteristics of the stone and that is why it cannot be considered as a defect in the product. MIR Mosaic is in no way responsible for discoloration of the natural stones.

Variation in color, shade, finish, hardness, strength and slip resistance is inherent in Natural stone products. White marbles contain naturally occurring deposits of iron which may lead to discoloration of marble and turning it yellow-rust or gray if used in wet areas. These are natural characteristics of the stone and that is why it cannot be considered as a defect in the product. MIR Mosaic is in no way responsible for discoloration of the natural stones.

Tie the whole room together with our field tile and moldings! With an array of marble to choose from, you'll find everything you need to give any space a polished (or honed!) look.

A city off the coast and the Southern metropolis that is in the minds of many. Savannah features dramatic design, opulent interiors and is magnificently diverse. This collection reflects it all with a totally captivating light gray color and mild veining. Wood grain and exquisite designer charm combined with graceful geometry will “wow” your next project.

Variation in color, shade, finish, hardness, strength and slip resistance is inherent in Natural stone products. White marbles contain naturally occurring deposits of iron which may lead to discoloration of marble and turning it yellow-rust or gray if used in wet areas. These are natural characteristics of the stone and that is why it cannot be considered as a defect in the product. MIR Mosaic is in no way responsible for discoloration of the natural stones.

Variation in color, shade, finish, hardness, strength and slip resistance is inherent in Natural stone products. White marbles contain naturally occurring deposits of iron which may lead to discoloration of marble and turning it yellow-rust or gray if used in wet areas. These are natural characteristics of the stone and that is why it cannot be considered as a defect in the product. MIR Mosaic is in no way responsible for discoloration of the natural stones.

A walk along the beach and inspiration will transform any space with natural shells and perfectly hand-crafted mosaics in various sizes shapes and configurations. So organically beautiful...

Visually a cityscape is an artistic representation, such as a painting, drawing, print or photograph, of the physical aspects of a city or urban area. Majestic stone and mirrored reflection create images of the big city in our new line of mosaics. The introduction of a 2x8" reflective and shiny glass field, opposite the rough texture of quartzite, this gives a modern influence to your next design project. The result is a refine and finished look that is a distinctive combination of subtle neutral colors and sleek textures.

Cloud 9 glass is an artist's creation of hand-poured glass with a glossy finish. It will evoke images of fashion, and tie dye for a hipster vibe. The vintage feeling is a hot trend, and is loved by all designers. The pouring together of transparent and opaque glass results in a unique marbled surface with exquisite movement. Three unique mosaic patterns, with a 3x9 field tile, will create incredible masterpieces.

Variation in color, shade, finish, hardness, strength and slip resistance is inherent in Natural stone products. White marbles contain naturally occurring deposits of iron which may lead to discoloration of marble and turning it yellow-rust or gray if used in wet areas. These are natural characteristics of the stone and that is why it cannot be considered as a defect in the product. MIR Mosaic is in no way responsible for discoloration of the natural stones.

White marbles contain naturally occurring deposits of iron which may lead to discoloration of marble and turning it yellow-rust or gray if used in wet areas. These are natural characteristics of the stone and that is why it cannot be considered as a defect in the product. MIR Mosaic is in no way responsible for discoloration of the natural stones.

This stunning collection is a deep rich metallic look. Giving you just enough Glitz and Glam! This beautifully sized glass in six color options, works well with our other stone mosaics or alone. This collection is a must see in person. Take your peek into the Galaxy.

**GALAXY PEARL**  
Code: C-01

Chip size: 50x200\*8 mm, sheet size: 300x300 mm  
Material: Glass

**GALAXY SAND**  
Code: C-02

Chip size: 50x200\*8 mm, sheet size: 300x300 mm  
Material: Glass

**GALAXY PEARL PENCIL**  
Code: GP-01

Size: 15x305\*8 mm  
Material: Glass

**GALAXY SAND PENCIL**  
Code: GP-02

Size: 15x305\*8 mm  
Material: Glass

**GALAXY ASH**  
Code: C-03

Chip size: 50x200\*8 mm, sheet size: 300x300 mm  
Material: Glass

**GALAXY SMOKE**  
Code: C-04

Chip size: 50x200\*8 mm, sheet size: 300x300 mm  
Material: Glass

**GALAXY ASH PENCIL**  
Code: GP-03

Size: 15x305\*8 mm  
Material: Glass

**GALAXY SMOKE PENCIL**  
Code: GP-04

Size: 15x305\*8 mm  
Material: Glass

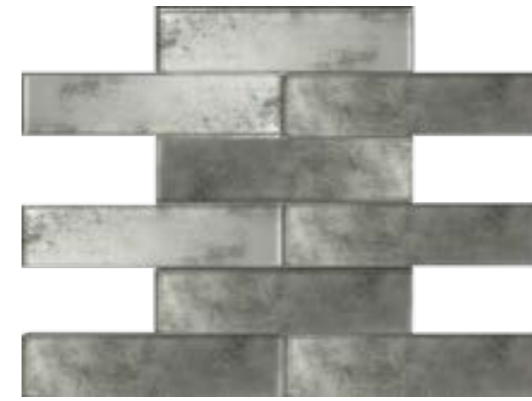

GALAXY SNOW  
Code: C-05

Chip size: 50x200\*8 mm, sheet size: 300x300 mm  
Material: Glass

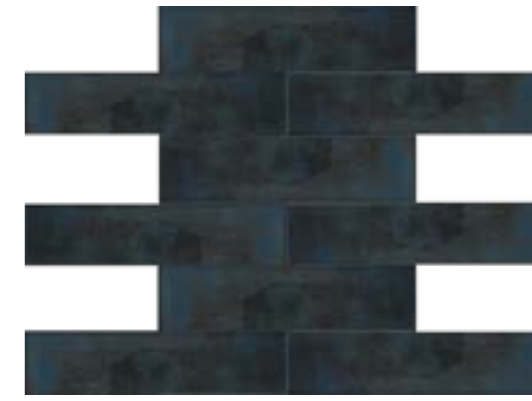

GALAXY PEWTER  
Code: C-06

Chip size: 50x200\*8 mm, sheet size: 300x300 mm  
Material: Glass

GALAXY ANTIQUE  
Code: C-09

Chip size: 50x200\*8 mm, sheet size: 300x300 mm  
Material: Glass

GALAXY DENIM  
Code: C-10

Chip size: 50x200\*8 mm, sheet size: 300x300 mm  
Material: Glass

GALAXY SNOW PENCIL  
Code: GP-05

Size: 15x305\*8 mm  
Material: Glass

GALAXY PEWTER PENCIL  
Code: GP-06

Size: 15x305\*8 mm  
Material: Glass

GALAXY ANTIQUE PENCIL  
Code: GP-09

Size: 15x305\*8 mm  
Material: Glass

GALAXY DENIM PENCIL  
Code: GP-10

Size: 15x305\*8 mm  
Material: Glass

GALAXY AQUA  
Code: C-07

Chip size: 50x200\*8 mm, sheet size: 300x300 mm  
Material: Glass

GALAXY ICE  
Code: C-08

Chip size: 50x200\*8 mm, sheet size: 300x300 mm  
Material: Glass

GALAXY SUEDE  
Code: C-11

Chip size: 50x200\*8 mm, sheet size: 300x300 mm  
Material: Glass

GALAXY AQUA PENCIL  
Code: GP-07

Size: 15x305\*8 mm  
Material: Glass

GALAXY ICE PENCIL  
Code: GP-08

Size: 15x305\*8 mm  
Material: Glass

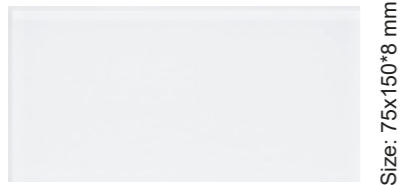

GALAXY SUEDE PENCIL  
Code: GP-11

Size: 15x305\*8 mm  
Material: Glass
